

Sacramento Suburban Water District

Improvement Standards and Technical Specifications Policy

Adopted: February 28, 2011
Ratified without changes on: April 17, 2023

100.00 Purpose of the Policy

This document sets forth the policy of the Sacramento Suburban Water District concerning the establishment of Improvement Standards and Technical Specifications for the design and construction of improvements to the water works of the District. Improvement Standards and Technical Specifications are necessary to require minimum acceptable quality of design and construction of water infrastructure improvements. All improvements, modifications, and repairs to the District's water system will be planned, designed, and constructed in conformance with these Improvement Standards and Technical Specifications, any applicable District Regulations, and with any applicable special conditions that have been approved by the District.

200.00 Authority

In conformance with the California Water Code, Division 12, County Water Districts, the General Manager has the full responsibility and authority to set standards and specifications for the planning, design, construction, modification or repair of the water works system of the District. The Board of Directors recognizes this authority and through this document, acknowledges this as the policy of the District.

300.00 Responsibility

The General Manager shall be responsible for the establishment of the Improvement Standards and Technical Specifications of the District. He may, at his discretion, utilize District staff to update and maintain the Improvement Standards and Technical Specifications. The Improvement Standards and Technical Specifications will be maintained as a separate document and will be considered the procedures of this policy. The General Manager may review and change the Improvement Standards and Technical Specifications as necessary to meet the needs of the District.

400.00 Policy Review

This policy shall be reviewed at least biennially.
