## Items for Discussion and/or Action

- Sacramento Suburban Water District and Del Paso Manor Water District – Potential Reorganization**  
SSWD General Manager Dan York (SSWD GM York) summarized the staff report, noting a majority of the analysis information has already been collected from the previous combination discussions.

Discussion ensued regarding what water rates options are available for DPMWD.

DPMWD Director Matteoli expressed he would not want the SSWD ratepayers to be responsible for any improvements made to the DPMWD system, so he is in favor of proceeding with the Prop 218 rates that were approved for DPMWD.

SSWD GM York expressed the goal would be for the DPMWD customers to eventually have SSWD's rate structure that has the "pay as you go" rate structure for CIP programs.

SSWD Director Locke recommended that any funds collected by the DPMWD ratepayers be used towards the DPMWD service area.

SSWD GM York reminded the Boards that there is a potential for state grant funding for infrastructure improvement and replacement.

The Boards agreed to direct staff to develop a process for which to bring forth a vote to initiate reorganization tasks to dissolve DPMWD.

DPMWD Director Matteoli requested staff include beginning the process to apply for grant funding into the task list.

Both Boards agreed with DPMWD Director Matteoli's request.

3. **Reorganization Benefits, Advantages, and Disadvantages**

SSWD GM York presented the staff report and answered clarifying questions.

DPMWD Director Matteoli inquired if fluoridation equipment would be needed at DPMWD well sites, should the districts combine.

SSWD Assistant General Manager Matt Underwood explained that SSWD could either provide fluoride to DPMWD's existing wells to be optimally fluoridated, or notify the DPMWD customers as required by the Department of Drinking Water of sub-optimal levels.

SSWD GM York explained that SSWD preferred to provide optimal levels of fluoride to its South Service Area.

William Eubanks (Mr. Eubanks) expressed he was not interested in supporting DPMWD with their infrastructure improvement needs, and additionally inquired about the status of the DPMWD customers, noting that in the past they were against combination discussions.

DPMWD Director Dolk expressed that he believed DPMWD ratepayers had a better understanding of the situation DPMWD is in and were now more in favor of combination discussions. He noted that there will be an Open House meeting on July 16, 2024, and that DPMWD has been more active with customer outreach.

Discussion ensued over clarifying questions including rates, funding options, well status, metering, DPMWD infrastructure, and the status of DPMWD existing staff.

SSWD Legal Counsel Josh Horowitz confirmed that DPMWD would be required to be fully metered within 10 years of combining with SSWD, should that take place.

4. **Del Paso Manor Water District and Sacramento Suburban Water District Board of Directors – Comments and/or Concerns**

SSWD GM York presented the staff report and answered clarifying questions.

Mr. Eubanks withdrew his comment.

Jose Henriquez (Mr. Henriquez) Executive Officer of Sacramento Local Agency Formation Commission (LAFCo) stated that on May 5, 2024, the LAFCo Commissioners voted unanimously to approve a resolution to attempt to dissolve DPMWD due to serious deficiencies and required infrastructure repairs, noting DPMWD had 12 months to correct the deficiencies or LAFCo would dissolve the district. He additionally noted that LAFCo would be holding an Open House for the

residents of DPMWD on July 16, 2024, in the El Camino High School Cafeteria, where they will go over what occurred in order for LAFCo to come to this decision, and what the process would be going forward. He noted that all of the calls he has received from DPMWD customers have been very supportive of this effort.

DPMWD Director Ross expressed concern over the possibility of DPMWD not being able to obtain the grant funding.

DPMWD Director Pratt expressed concern that SSWD staff would not have time to work on this effort.

Chair Thomas and SSWD GM York assured DPMWD Director Pratt that SSWD staff would not have an issue working on this combination effort.

SSWD Director Locke expressed his concern with the DPMWD Board's attendance at Joint Board meetings, noting he wanted to be sure that everyone was working toward the same goal, and wanted to make sure that time is not being wasted. He also expressed concern that DPMWD had three seats up for election in November, and it was unsettling to him that the majority of DPMWD's Board could change in just a few months.

DPMWD Director Pratt agreed with SSWD Director Locke and assured him that she was very interested in continuing to move forward with combination efforts.

SSWD Director Boatwright pointed out that if no efforts were made toward acquiring the grant funding, then nothing would be granted, urging the Boards to move quickly on it before it is gone.

SSWD Director Locke responded that it would be best to have something more formalized before November.

SSWD Director Boatwright additionally commented that he did not recommend DPMWD change their current rate plan, and additionally expressed that he would not be in support of additional interties with DPMWD, if there was not a plan to join the two districts together. He urged the Boards to move swiftly on the combination efforts.

Trish Harrington reminded the Boards of the assets that DPMWD has.

Mr. Eubanks withdrew his comment.

##### 5. **Communications Plan**

SSWD GM York presented the staff report and answered clarifying questions.

SSWD Director Locke stated that he would like to get information out to the SSWD customers as soon as possible about the combination efforts currently in progress.

The Boards agreed that the joint communication will be similar for each district, and that the editorial content will be approved by the General Managers, who will bring all final communications materials to the Boards as information.

6. **Joint Board Meetings vs 2x2 Committee Meetings**

SSWD GM York presented the staff report and answered clarifying questions.

Both Boards agreed to hold all meetings going forward as Joint Board meetings.

7. **Future Meeting – Draft Agenda Topics**

SSWD GM York presented the staff report.

The Boards agreed to allow the two General Managers to draft the agenda of the next Joint Board meeting based on the discussion that took place at this meeting.

**Adjournment**

Chair Thomas adjourned the meeting at 7:15 p.m.

## Agenda Item: 2

**Date:** July 10, 2024

**Subject:** State Water Resources Control Board Grant Funding

**Staff Contact:** Dan York, SSWD General Manager  
Adam Coyan, DPMWD General Manager

### Recommended Board Action:

No action. Receive update on potential State Water Resources Water Board grant funding opportunities and direct staff as appropriate.

### Background:

At the June 5, 2024, Joint Board meeting, the Sacramento Suburban Water District (SSWD) and Del Paso Manor Water District (DPMWD) Board of Directors provided staff with direction to initiate submitting a grant application into the State Water Resources Water Board, Division of Financial Assistance (SWRWB) portal for potential grant funding for infrastructure replacement and improvements within DPMWD's service area.

### Discussion:

On June 11, 2024, staff met with Parmdeep Uppal, with SWRWB, to receive specific information related to the SWRWB's grant program and submitting and direction for applying for such funding. There are two areas of potential funding opportunities. One is a Construction Grant and the other is a Consolidation Incentive. Below are points received during that meeting:

#### Construction Grant:

- \$20 million dollar cap
- First come, first serve, and priority
- Engineering report
- Engineers estimate
- No construction and payment until LAFCo approves reorganization
- Can take 9-12 months for grant process
- Grant funds cannot be utilized to pay for loans and/or construction costs prior to LAFCo reorganization approval

#### Consolidation Incentive:

- Funding for planning or construction of an incentive project for a system that qualifies as a Small Dis-Advantaged Community. \$5,000 per connection x 1,900 connections = \$9.5 million.

On June 24, 2024, the grant application, along with the appropriate documents, was successfully uploaded into the SWRWB's Financial Assistance Application Submittal Tool. Staff is waiting for the project to be created and assigned to a Project Manager at the SWRWB Funding Program Department. Mr. Parmdeep is scheduled to be in attendance at the July 10<sup>th</sup> Joint Board meeting to answer questions from Directors of each agency.

## Agenda Item: 3

**Date:** July 10, 2024

**Subject:** Board of Director Interest in the Reorganization of Del Paso Manor Water District into Sacramento Suburban Water District

**Staff Contact:** Adam Coyan, DPMWD General Manager  
Dan York, SSWD General Manager

**Recommended Board Action:**

No action. Determine the interest of the Board of Directors of each district to reorganize Del Paso Manor Water District into Sacramento Suburban Water District.

**Discussion:**

The Sacramento Local Area Formation Commission (LAFCo) has initiated the process to dissolve Del Paso Manor Water District (DPMWD), which includes a resolution providing DPMWD one year to correct their water system deficiencies. Currently, DPMWD and Sacramento Suburban Water District (SSWD) have re-initiated combination discussions due to LAFCo's resolution.

A Director from DPMWD requested to place this item on the July 10, 2024, Joint Board meeting agenda for the purpose of determining how each Director feels about combining the two agencies if a vote was placed on an agenda to officially vote to combine.

## Agenda Item: 4

**Date:** July 10, 2024

**Subject:** Reorganization Tasks

**Staff Contact:** Dan York, SSWD General Manager  
Adam Coyan, DPMWD General Manager

### Recommended Board Action:

Direct staff to begin conducting the following tasks:

1. Commence communication and outreach to Del Paso Manor Water District and Sacramento Suburban Water District customers and stakeholders
2. Draft Local Area Formation Commission Resolution
3. Draft Board of Director Division Map
4. Finalize Condition Assessment of Del Paso Manor Water District's water system infrastructure
5. Initiate Water System Permit Amendments – Division of Drinking Water

### Discussion:

Since 2019, Sacramento Suburban Water District (SSWD) and Del Paso Manor Water District (DPMWD) have been in various discussions to combine the two districts, as well as SSWD operating DPMWD's water system by way of a Mutual Aid Agreement and an Operational Services Agreement. These two agreements were triggered due to three of DPMWD's four staff members retiring/resigning on May 31, 2019, as well as the 2021 Grand Jury Report.

Between 2020 and 2023, SSWD and DPMWD conducted an analysis on the following areas:

- Condition Assessment of DPMWD's Infrastructure, production and distribution
- Groundwater/Surface Water Supplies
- Municipal Services Review Updates
- Financial Analysis
- Water Rate Comparison
- Combination Benefits – Rates, Costs, Operations
- Combination Benefits, Advantages, and Disadvantages

The above items were presented to the SSWD - DPMWD 2X2 Committee, with report backs to the full Board of each agency. However, at the May 22, 2023, Joint Board meeting, the DPMWD Board of Directors made the decision to move forward with their Proposition 218 process.

On April 10, 2024, the Sacramento Local Agency Formation Commission (LAFCo), provided a Public Notice informing the public that LAFCo scheduled a Public Hearing on May 1, 2024, for the purpose of adopting an addendum to DPMWD's Municipal Services Review and adopt a Resolution of Intent to Initiate Dissolution of DPMWD.

## Reorganization Tasks

July 10, 2024

Page 2 of 2

On April 16, 2024, DPMWD held a Special Board meeting to discuss LAFCo's intent mentioned above. One of the options stated was to re-initiate discussions with SSWD. Per the minutes of DPMWD's Special Board meeting, the DPMWD Board of Directors voted to initiate discussions with SSWD. The vote was 3-1.

On May 1, 2024, LAFCo approved the adoption of an addendum to DPMWD's Municipal Services Review and adopt a Resolution of Intent to Initiate Dissolution of DPMWD. The vote was 7-0 on both items.

If SSWD and DPMWD choose to continue the path of combining the two agencies, a list of necessary tasks needs to be developed. For example, the two districts will need to approve similar resolutions to LAFCo and the State Water Resources Control Board, Division of Drinking Water (DDW) will need to initiate amending SSWD and DPMWD's Water System Permits. However, during the Water System Permit amendment process, DDW can temporarily re-appoint DPMWD's Water System Permit to SSWD, which provides SSWD with the authority/responsibility to operate DPMWD's water system until the Water System Permit amendment process is completed.

In addition, there are several tasks that would need to be outlined and assigned as priorities. Below is an example of various tasks that would need to be conducted if the process is approved by both districts:

- Financial System – Determine how cash receivables and liabilities are transferred. Inventory non-bonded loans/grants, etc. Notify bond holders.
- Water Rates – Determine rate setting process.
- Insurance Claims/Litigation. Identify outstanding claims and litigation.
- Real property disposition inventory and transfer
- Vehicle and equipment inventory

Note: The above items are not in order of priority.

## Agenda Item: 5

**Date:** July 10, 2024

**Subject:** Communications Plan

**Staff Contact:** Dan York, SSWD General Manager  
Adam Coyan, DPMWD General Manager

### **Recommended Board Action:**

Approve Communications Plan regarding Del Paso Manor Water District and Sacramento Suburban Water District reorganization, and direct staff as appropriate.

### **Background:**

On May 1, 2024, LAFCo approved the adoption of an addendum to DPMWD’s Municipal Services Review and adopt a Resolution of Intent to Initiate Dissolution of DPMWD. The vote was 7-0 on both items. Due to LAFCo’s intent to dissolve DPMWD, on April 16, 2024, the DPMWD Board voted, 3-1, in favor of initiating discussions with SSWD.

At the June 5, 2024, Joint Board meeting, the Directors of both districts directed staff to develop a draft Communications Plan.

If the respective Board of Directors of SSWD and DPMWD choose to proceed in the process of reorganizing DPMWD into SSWD, it is imperative that a draft Communications Plan is developed to effectively communicate customer service and benefits, as well as the missions, visions, and values of each organization, that will reach internal and external stakeholders of each district.

Staff have generated a Draft Communications Plan (Attachment 1) with the intention to help to manage public perceptions, ensure transparency, and address concerns effectively.

The Draft Communications Plan, at a minimum, addresses potential increased efficiencies, future water supply reliability, and enhanced customer service. The Draft Communications Plan also identifies outreach phases and options for communicating the discussions to internal and external stakeholders.

If the Directors of DPMWD and SSWD approve the Communication Plan, the cost of the effort will be split 50/50 between the two agencies.

## Agenda Item: 6

**Date:** July 10, 2024

**Subject:** Communications – Cost Share Agreement

**Staff Contact:** Dan York, SSWD General Manager  
Adam Coyan, DPMWD General Manager

**Recommended Board Action:**

Approve a Memorandum of Understanding for 50/50 shared costs associated with developing and implementing a Communications Plan.

**Discussion:**

At the June 5, 2024, Sacramento Suburban Water District (SSWD) and Del Paso Manor Water District (DPMWD) Joint Board meeting, the Directors of both districts directed staff to develop a draft Communications Plan.

The draft Communications Plan was included as an item in the Board packet, prior to this report.

If the respective Board of Directors of SSWD and DPMWD approve that Communications Plan, staff is recommending the cost of the effort to be split 50/50 between the two agencies through a Cost Share Agreement (Attachment 1), with SSWD being responsible for administering the agreement/invoices.

SSWD currently has a Professional Services Agreement (Agreement) with IN-Communications for its external communications effort. The subject Agreement can be amended to assist with the public outreach for the SSWD/DPMWD Combination Discussions.

Based on prior communication outreach efforts, In Communication’s drafted a Scope of Work for Public Engagement (Attachment 2) to outline estimated efforts. The estimated cost to conduct the subject outreach is estimated to not exceed \$51,185. Both DPMWD and SSWD will share the associated costs 50/50.

**Fiscal Impact:**

The estimated cost for the Public Outreach is not to exceed \$51,185, which will be split 50/50 between DPMWD and SSWD.

**Attachment:**

- 1 – Cost Share Agreement
- 2 – Scope of Work for Public Engagement Project

**MEMORANDUM OF UNDERSTANDING REGARDING COMMUNICATIONS FOR COMBINATION BETWEEN SACRAMENTO SUBURBAN WATER DISTRICT AND DEL PASO MANOR WATER DISTRICT**

THIS MEMORANDUM OF UNDERSTANDING (“Agreement”) is entered into and made effective on this \_\_\_\_\_ day of \_\_\_\_\_, 2024, by and between the Sacramento Suburban Water District (SSWD) and Del Paso Manor Water District (DPMWD).

**T E R M S**

The above parties, in consideration of the mutual promises set forth in this Agreement, have reached the following understandings:

1. Consultant. SSWD has an existing Professional Services Agreement with IN Communications. SSWD and DPMWD mutually desire to utilize IN Communications for public outreach and communication pertaining to combination discussions between SSWD and DPMWD.
2. Funding Provisions. The estimated cost to complete the Public Outreach is estimated at \$51,185. DPMWD and SSWD will split the cost for Public Outreach on a 50/50 allocation. IN Communications fee schedule is attached as Exhibit 1. DPMWD’s failure to timely remit its share of the funding may result in excluding DPMWD from the Public Outreach or suspension or termination of the Combination Discussions at SSWD’s election.
3. Cost Accounting. IN Communications shall separately track the expenses associated with the public outreach and communication pertaining to Combination Discussions between SSWD and DPMWD. SSWD shall include a copy of this accounting with each invoice submitted to DPMWD for payment of its half share of such expenses.
4. Term. This Agreement shall terminate upon completion of the Combination Discussion and no later than December 31, 2023, unless extended by mutual written agreement of DPMWD and SSWD.
5. Dispute Resolution. If DPMWD and SSWD disagree on a specific issue, DPMWD and SSWD shall meet and confer and negotiate in good faith to resolve the issue. If DPMWD and SSWD are unable to resolve the specific issue in dispute after good faith negotiations, they shall agree to engage an outside mediator to attempt to resolve the disputed issue.
6. Consultant Payment Schedule. SSWD shall pay all costs incurred according to the schedule set forth in the Professional Services Agreement. SSWD shall forward all

invoices for DPMWD's half share of all such costs within 15 days of receipt. DPMWD shall promptly review the invoice and notify SSWD of any objections within 30 days of transmittal of the invoice by SSWD. If DPMWD has no objections, it shall pay the amount invoiced to SSWD.

IN WITNESS WHEREOF, this Agreement was executed by the parties hereto as of the date first above written.

**Sacramento Suburban Water District and Del Paso Manor Water District  
Combination Discussions  
Scope of Work for Public Engagement Project: July 2024-June 2025  
DRAFT—June 28, 2024**

This scope of work outlines the tasks and deliverables for a comprehensive communications and outreach project aimed at engaging the public in discussions about a potential combination between the Sacramento Suburban Water District (SSWD) and Del Paso Manor Water District (DPMWD). The project includes developing communications materials, managing stakeholder outreach, providing strategic advice, and supporting public meetings.

**Communications Materials**

We will develop a suite of communications materials to inform and engage the public combination discussions. These materials will be designed to provide clear, consistent, and comprehensive information about the process, benefits, and considerations of the combination.

**Deliverables:**

- Outreach Road Map: Develop a visual representation of the outreach process and key milestones.
- Key Messages: Craft core messages to help ensure consistent and accurate communication across all platforms.
- Fact Sheets and FAQs: Create documents addressing LAFCO actions, combination pros and cons, and other relevant topics.
- Website Content: Draft and provide text for SSWD and DPMWD websites to reflect the latest information and developments.
- Postcards: Design and print two postcards to inform the public about upcoming events and key information.

**Stakeholder and Media Outreach**

We will manage a comprehensive stakeholder database and conduct targeted outreach to ensure broad and inclusive participation from interested parties, including local electeds and influencers.

**Deliverables:**

- Stakeholder Database: Update the existing comprehensive list of stakeholders, including community groups, HOAs, and NAs.
- Influencer Tool Kits: Create and distribute tool kits to key influencers to help spread information and encourage participation.
- Outreach Letters: Draft and distribute letters to stakeholders inviting them to participate in the process and provide feedback.
- Press Releases: Draft and distribute press releases to local media and early-deadline publications to inform the public about key events and updates.
- Advertising Materials: Create digital and print advertisements for platforms such as Facebook and the Google Display Network.
- Public Comments Tracking: Continuously track and compile public comments received via email, social media, and other avenues.

### Public Information Workshops

We will plan and support two public information workshops to gather input and answer questions from the community.

#### Deliverables:

- Workshop Planning: Develop detailed work plans and timelines for promoting and executing public workshops.
- PowerPoint Presentations: Develop and design presentations for delivery at workshops.
- Run of Show for Workshops: Develop a detailed schedule for public information workshops to ensure smooth execution.
- On-site Support: Provide on-site assistance during public workshops, including note-taking and facilitating discussions.
- Meeting Summaries: Draft summaries of public workshops, identifying major themes and compiling Q&A sections.

### Strategic Advice, Program Coordination, and Meetings

We will provide ongoing strategic advice, coordinate the program, and facilitate meetings to help ensure the project stays on track and aligns with client direction.

#### Deliverables:

- Communications Meetings: Prepare for and facilitate regular touch base meetings with the project team.
- Support for Board Meetings: Provide materials and data for staff reports, and attend Board of Directors meetings, as needed, to hear feedback and provide updates.

## Agenda Item: 7

**Date:** July 10, 2024

**Subject:** Governance – Final Number of Board of Directors

**Staff Contact:** Dan York, SSWD General Manager  
Adam Coyan, DPMWD General Manager

### Recommended Board Action:

No action. Receive staff presentation and direct staff as appropriate.

### Background:

Since 2019, Sacramento Suburban Water District (SSWD) and Del Paso Manor Water District (DPMWD) have been in various discussions to combine the two districts, as well as SSWD operating DPMWD's water system by way of a Mutual Aid Agreement and an Operational Services Agreement. However, at the May 22, 2023, Joint Board meeting, the DPMWD Board of Directors made the decision to move forward with their Proposition 218 process in an attempt to remain independent.

On April 10, 2024, the Sacramento Local Agency Formation Commission (LAFCo), provided a Public Notice informing the public that LAFCo scheduled a Public Hearing on May 1, 2024, for the purpose of adopting an addendum to DPMWD's Municipal Services Review and adopt a Resolution of Intent to Initiate Dissolution of DPMWD.

On April 16, 2024, DPMWD held a Special Board meeting to discuss LAFCo's intent mentioned above. One of the options stated was to re-initiate discussions with SSWD. The DPMWD Board of Directors voted to initiate discussions with SSWD by a 3-1 vote. On May 1, 2024, LAFCo approved adopting an addendum to DPMWD's Municipal Services Review and adopt a Resolution of Intent to Initiate Dissolution of DPMWD. The vote was 7-0 on both items.

If SSWD and DPMWD choose to continue the path of combining the two agencies, a list of necessary tasks needs to be developed including making a decision on the final number of Board of Directors of the combined District.

### Discussion:

The initial Board of Directors of the combined district may have eleven members, composed of the members of the current Board of Directors of DPMWD and SSWD. The eleventh Director seat may remain vacant. For voting purposes, to ensure there is an odd number of Directors for the combined district, in the interim, a Director could voluntarily resign from the Board of Directors. Currently on the DPMWD Board, there are only 4 seats filled, with one vacant, which could assist with ensuring an odd number of Directors.

The ultimate size of the Board by statute is 5 members, but can be larger, however, based on the size of DPMWD (one square mile of service area) it is very difficult to have a larger number than 5 Board members. If the Board chooses 5 members, terms of the office of Board members shall

be the same term of office that they were serving as of the effective date of the combination. The number of seats on the Board of Directors of the combined district shall be reduced for the general district election scheduled for November 2024. Below are the current terms of the Board members of the respective districts:

DPMWD Board of Directors

Carl Dolk: 2022–2024

Robert Matteoli: 2020–2024

Gwynne Pratt: 2022–2026

David Ross: 2022–2026

Vacant

SSWD Board of Directors

Jay Boatwright: 2022-2024

Dave Jones: 2020-2024

Craig Locke: 2022-2026

Kevin Thomas: 2022-2026

Robert Wichert: 2022-2026

**Election Boundaries** – To transition down to the approved number of Directors, a new division map will be developed and approved by the Board of Directors of the combined district. Following approval of the combined district, a proposed voting division map must be developed depicting the recommended adjustments to the voting divisions for consideration by the Board of Directors, and for comment by the public. The population deviation (greatest relative difference in size between any two voting divisions) in the proposed voting divisions must be within the 10 percent deviation permitted under federal and state voting rights law. The combined district must consider when adjusting voting division boundaries, the following factors: (1) topography, (2) geography, (3) cohesiveness, contiguity, integrity, and compactness of divisions, and (4) community of interests of each division.

In addition, the proposed division map must be presented at two separate Special Board meetings for the purpose of holding Public Hearings.

As advised by legal counsel, staff must consult with the Sacramento County Registrar of Voters' office to review the draft proposed voting division map to ensure the draft proposed voting division map is acceptable and in compliance with federal and state voting rights and election laws.

**Options for Advisory Committees** – In the event a Board member wishes to voluntarily resign from the Board of Directors to ensure there is an odd number of Directors, or a Board member does not get elected to the combined district, there could be options for the Board member to continue their community service. The Board of Directors of the combined district can implement opportunities to allow participation on appropriate advisory committees that would enable them to remain involved with their communities.

## Agenda Item: 8

**Date:** July 10, 2024

**Subject:** Water Rate Comparison Analysis

**Staff Contact:** Jeff Ott, Director of Finance and Administration

### Recommended Board Action:

No action. Information only.

### Discussion:

At the June 5, 2024, Joint Board Meeting, staff was directed to update the previous water rate comparison between Del Paso Manor Water District (DPMWD) and Sacramento Suburban Water District (SSWD) that was prepared in October of 2022. Staff have updated the analysis of the current water rates for DPMWD (as of the 11/1/2023) and SSWD.

DPMWD bills flat rate residential accounts bimonthly and non-residential accounts monthly. SSWD billing uses specific parcel sizes for flat rate billing and specific connection and meter sizes. As the two District's rates are dissimilar, several assumptions had to be made for comparison of SSWD rates against DPMWD accounts. Connection sizes are not available for most DPMWD accounts, therefore, assumptions will have to be made based on rate descriptions used and other related data. The assumptions are as follows:

#### Assumptions:

1. DPMWD's primary Capital Improvement Program (CIP) rate code is "MA". This rate code is for all connections up to 1" and is the primary rate charged against residential accounts. This analysis assumes that these flat rate accounts (1,602) will be charged at a ¾" SSWD connection rate.
2. DPMWD's duplex CIP rate code is "ME". This rate code is for all duplex accounts (78) and assumes a 1" service size and will be charged at a 1" SSWD connection rate. There is no parcel size description for duplex rates (codes FG, FH, FI and FW) as there is for single family residential. As indicated below, 9,000 square feet will be used for duplex lot size for usage calculations.
3. There are a few 1-1/4" connections at DPMWD and will be charged at a 1" SSWD connection rate as SSWD does not have a 1-1/4" rate.
4. DPMWD has 19 special residential rates that affect 20 accounts. Service line size will be inferred from the related CIP Rate assigned to the account.
5. Flat rate residential rates utilize lot size ranges (0 – 5,000; 5,001 – 8,000; 8,001 – 11,000, etc). SSWDS bills flat rate usage based on actual lot size. For the analysis, the midpoint of the range will be used for the calculation except for the 0 – 5,000 range which will utilize 4,500. Utilizing SSWD's GIS, the average duplex parcel size in DPMWD is approximately 9,000 square feet. The duplex usage charge will assume a 9,000 square foot parcel.

SSWD as of January 1, 2024, no longer has any flat rate accounts and will not have flat account rates going forward. The following tables break down the total rate charged for each customer category. The rates include all water charges for the customer category.

ACP= Cement Asbestos  
DIP= Ductile Iron  
ODS= Steel  
PVC= Polyvinyl Chloride

The District's distribution system currently has four different materials cement asbestos, ductile iron, steel and polyvinyl chloride. The ductile iron and PVC pipe is the youngest in the system at twelve and fourteen years old. The newer pipe is in area 1B and area 1.

Area	DPMWD Ranking	SSWD Ranking	Pipe Length
1	1	1	27,735
3	2	29	22,761
5	3	38	30,305
2	4	61	24,162
5	5	74	21,288
1B	6	186	3,980

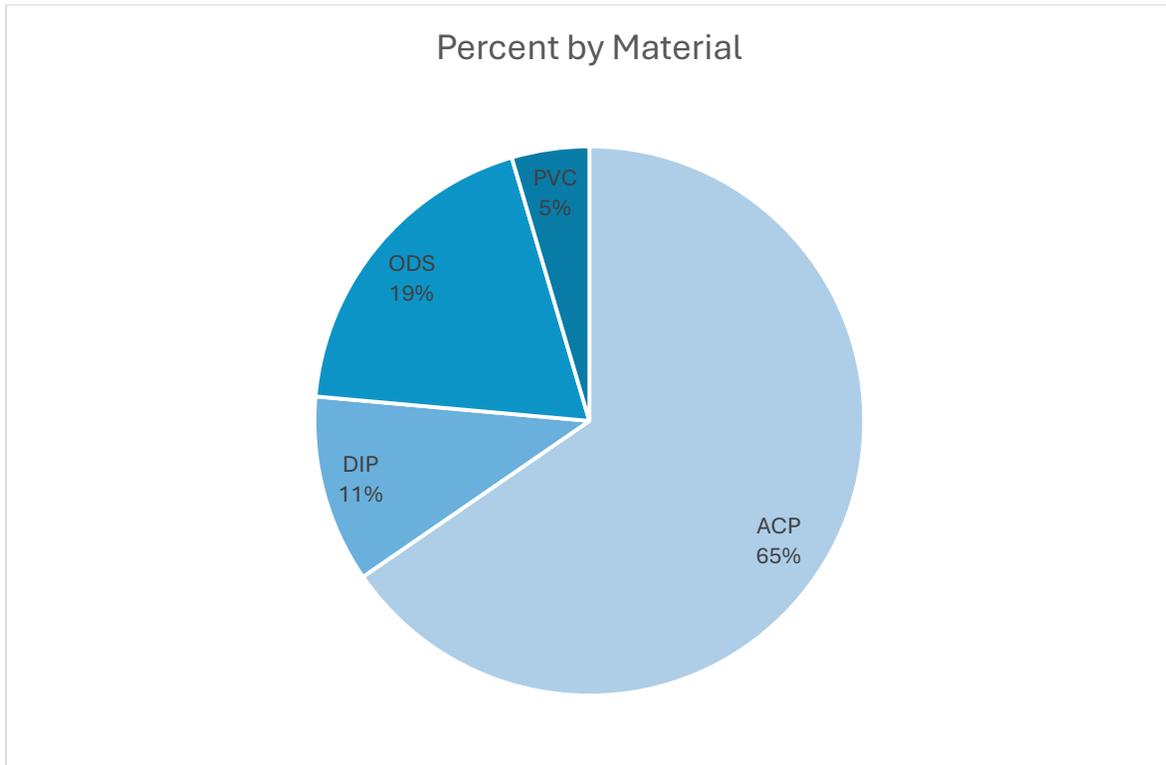

The box to the left is where DPMWD would rank in SSWD's system for pipeline replacement. This analysis was completed utilizing the SSWD standards and metrics for pipeline evaluation and was part of the Forsgren Technical Memorandum for the Distribution System Risk Assessment.

## Attachment 2

In the above pie chart, it is easy to see that 91% of DPMWD's distribution system is over seventy years old. The average life expectancy of cement asbestos pipe is 50-70 years (Safe Drinking Water Foundation, 2024). Currently we have 15.6 miles of cement asbestos pipe that is past the average life expectancy of this material. There is 4.5 miles of steel pipe that is past its life expectancy as well. The two remaining types of pipes that are in the system are ductile iron and PVC, both materials have a life expectancy that is over one hundred years.

## Attachment 2

Currently 84% of the DPMWD distribution system is past the average expected lifespan of the materials used in the distribution system.

There are currently 228 mainline valves in the system that are over seventy years old with a 35-40 year life expectancy (California State Water Resource Control Boards, 2024). Also, there are 200 fire hydrants in the system that are over seventy years old with a service life expectancy of 40-60 years.

On June 26<sup>th</sup>, 2024 the field crew while working on a leak at a warf hydrant that had been installed on cement asbestos piping found lead that was used to seal the joint. This has been reported to the Satet Water Resource Control Board. At this time we do not know the extent of the problem. We have 74-84 warf hydrants that have been insalled on cememnt asbestos pipe.

## Agenda Item: 10

**Date:** July 10, 2024

**Subject:** Contract Services Agreement Between Sacramento Suburban Water District and Del Paso Manor Water District for Operations Assistance

**Staff Contact:** Dan York, SSWD General Manager  
Adam Coyan, DPMWD General Manager

### **Recommended Board Action:**

Approve a Contract Services Agreement between Sacramento Suburban Water District and Del Paso Manor Water District for Operations Assistance, pending final legal review.

### **Discussion:**

On July 1, 2024, the Sacramento Suburban Water District (SSWD) General Manager received an email from Del Paso Manor Water District's (DPMWD) General Manager requesting to activate the Mutual Aid Agreement (MAA) between the two districts. The subject request was due to one of DPMWD's operators providing a notice of retirement. Per the MAA, it can be activated between the two General Manager's, with a report back to the respective Boards.

The existing MAA between SSWD and DPMWD is intended for emergency purposes. The upcoming staffing issue does not fit within the parameters set forth in the MAA, it actually warrants a Contract Services Agreement, similar to what was approved in January 2020 when DPMWD experienced similar staffing issues. Therefore, staff is requesting approval of a Contract Services Agreement, effective August 1, 2024.

### **Fiscal Impact:**

Costs incurred and labor support services will be reimbursed by DPMWD, so there will be no cost impact to SSWD.

### **Attachment:**

1 - Contract Services Agreement Between Sacramento Suburban Water District and Del Paso Manor Water District for Operations Assistance

**CONTRACT SERVICES AGREEMENT BETWEEN SACRAMENTO SUBURBAN  
WATER DISTRICT AND DEL PASO MANOR WATER DISTRICT FOR  
OPERATIONS ASSISTANCE**

This Agreement is entered into as of August 1, 2024, by and between Sacramento Suburban Water District, a County Water District formed and existing under California Water Code § 30000 *et seq.* (hereinafter “SSWD”), and Del Paso Manor Water District, a County Water District formed and existing under California Water Code § 30000 *et seq.* (hereinafter “DPMWD”). SSWD and DPMWD may sometimes be referred to individually as “Party” or together as “Parties” throughout this Agreement.

**RECITALS**

WHEREAS, SSWD, under its permit with the State of California State Water Resources Control Board, Division of Drinking Water, is a public agency providing domestic drinking water to residential and commercial customers within its boundaries located in the County of Sacramento;

WHEREAS, DPMWD, under its permit with the State of California State Water Resources Control Board, Division of Drinking Water, is a public agency providing domestic drinking water to residential and commercial customers within its boundaries located in the County of Sacramento;

WHEREAS, the entirety of the DPMWD service area is inside of and contiguous with the SSWD service area;

WHEREAS, the Parties are participants in and parties to that certain “Mutual Aid and Assistance Agreement Between Del Paso Manor Water District and Sacramento Suburban Water District”, dated as of January 11, 2011 (the “Mutual Aid Agreement”);

WHEREAS, the Parties maintain interconnections between their respective water systems to enable groundwater and surface water deliveries (where permissible) to each other in the event of an emergency;

WHEREAS, the Mutual Aid Agreement sets forth additional resources, including personnel and equipment, which one Party may deploy to assist the other in the event of an emergency, including the criteria therefore and mechanisms for reimbursement;

WHEREAS, DPMWD requested assistance from SSWD under the Mutual Aid Agreement in July 2024, whereby SSWD will provide field personnel to assist DPMWD during a staff shortage to ensure adequate, certified field maintenance support in the DPMWD service area in order for DPMWD to remain in compliance with applicable Division of Drinking Water regulations and the terms of its permit, and otherwise protect the public health and safety of customers within the DPMWD service area; and

WHEREAS, the Parties desire that DPMWD contract with SSWD for maintenance and support services on an as-needed basis under non-emergency conditions, based on the terms and conditions set forth below.

## AGREEMENT

**NOW, THEREFORE**, in consideration of the mutual covenants, conditions and promises herein contained, it is hereby agreed by and between SSWD and DPMWD as follows:

1. Recitals

The Recitals herein are expressly made part of this Agreement.

2. Contracted Services

SSWD agrees to provide the following services to DPMWD on a contract basis upon request: Field maintenance support, including on-call certified water treatment or distribution operator(s). Such services may include, but are not limited to, water service line repairs; customer service calls; well site operations; emergency repairs and maintenance support (the “Contracted Services”). Training and mentoring services relevant to water treatment or distribution operations that are provided to SSWD staff will be offered to DPMWD staff.

3. Control and Record Keeping

Field personnel provided by SSWD shall remain under the supervision and control of SSWD, and shall perform such tasks as requested or directed by DPMWD. SSWD shall designate a supervising employee to oversee the performance of any Contracted Services pursuant to this Agreement, and shall otherwise keep accurate records of the work performed, including the preparation of all time sheets for billing purposes.

4. Status

Unless otherwise provided by law, SSWD’s officers and employees retain the same privileges, immunities, rights, duties and benefits as provided in its own jurisdiction while performing Contracted Services within the DPMWD service area.

5. Licenses and Permits

To the extent permitted by law, SSWD personnel that hold licenses, certificates, or permits evidencing professional, mechanical, or other skills shall be allowed to carry out activities and tasks relevant and related to their respective credentials during the performance of any Contracted Services requested by DPMWD under this Agreement.

6. SSWD Discretion Regarding Availability of Personnel

SSWD retains the right to commit or withdraw some or all of its resources at any time for any reason in SSWD’s sole and absolute discretion. SSWD shall have the sole and exclusive discretion to determine availability of personnel and resources requested by DPMWD. SSWD shall make a reasonable attempt to provide DPMWD with 24 hours’ notice of withdrawal of resources and personnel.

7. Personnel

SSWD shall be paid by DPMWD for personnel costs incurred for work performed. Time incurred will be charged at a minimum of 15 minutes and will be rounded up to the next 15-minute increment. DPWMD will be billed overtime for the time SSWD staff spends working outside of normal work hours, which includes time spent working for DPWMD and time spent working on tasks that were delayed when helping DPWMD during normal work hours. SSWD personnel costs shall be calculated according to the most current pricing and in compliance to the terms provided in its employment contracts or other conditions of employment. SSWD's designated supervisor(s) must keep accurate records of work performed by personnel. Payment for services rendered shall consist of all personnel costs, including salaries or hourly wages, costs for fringe benefits, and indirect costs.

8. Equipment

DPMWD shall reimburse SSWD for the use of equipment during the performance of services, including, but not limited to, reasonable rental rates, all fuel, lubrication, maintenance, transportation, and loading/unloading of loaned equipment. Applicable rates for equipment used during the performance of Contracted Services are listed on the attached Schedule 1.

9. Materials and Supplies

DPMWD shall reimburse SSWD in kind or at actual replacement cost, plus handling charges, for use of expendable or non-returnable supplies. SSWD will not charge direct fees or rental charges to DPMWD for other supplies and reusable items that are returned to SSWD in a clean, damage-free condition. Reusable supplies that are returned to SSWD with damage must be treated as expendable supplies for purposes of cost reimbursement.

10. Payment Period

SSWD shall provide an itemized invoice to DPMWD for all costs associated with providing Contracted Services. Invoices shall be submitted on a monthly basis for Contracted Services provided during the previous month. DPMWD shall render payment in full of all undisputed invoices by the thirtieth day of the following month.

11. Records

Each Party and its duly authorized representatives shall have access to the other Party's books, documents, notes, reports, papers and records which are directly pertinent to this Agreement for the purposes of reviewing the accuracy of a cost bill or making a financial, maintenance or regulatory audit. Such records shall be maintained for at least three (3) years or longer where required by law.

12. Term

This Agreement shall take effect on August 1, 2024, and terminate on December 31, 2024, unless extended upon mutual written agreement of the Parties. Upon termination, SSWD shall be

compensated for all work performed to the date of termination as calculated by SSWD based on the above payment provisions.

13. Insurance

Each Party is a member of ACWA-JPIA and has sufficient coverage under the pool's memorandum of coverage to cover all risks that may occur under this Agreement. Each Party shall maintain such coverage in good standing at its sole cost. Each Party shall name the other Party, its officers, agents, and employees as additional insureds on all insurance policies, except its worker's compensation policy, for activities undertaken pursuant to this Agreement.

14. Indemnification

Each Party agrees to indemnify, defend, and hold harmless the other Party and its Directors, officers, employees, representatives, and agents from and against any and all actions, claims, costs, damages, demands (including reasonable outside attorneys' fees), liability, losses, obligations, penalties, suits in law or in equity which are made by a third party to the extent arising out of the Party's negligence or willful misconduct in performing any work or taking any actions authorized by or related to this Agreement.

15. Miscellaneous

15.1 Entire Agreement

This Agreement (including the Exhibits hereto) constitutes the entire understanding and agreement of the Parties relating to subject matter hereof.

15.2 Waiver

No waiver of any right or remedy by a Party with respect to any occurrence or event under this Agreement shall constitute a continuing waiver or be deemed a waiver of any right or remedy in respect to any other or subsequent occurrence or event.

15.3 Counterparts

This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute but one and the same instrument.

15.4 Severability

If any term, provision, covenant, or condition set forth in this Agreement is held by the final judgment of a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions, covenants, and conditions shall continue in full force and effect to the extent that the basic intent of the Parties as expressed herein can be accomplished.

15.5 Amendments

All amendments to this Agreement shall be in writing and, if approved, must be signed by all Parties.

15.6 Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the State of California.

16. Legal Action

In addition to any other rights and remedies, either Party may institute legal action to cure, correct, or remedy any default, to specifically enforce any covenant or agreement herein, or to enjoin any threatened or attempted violation of this Agreement.

17. Authority to Execute Agreement

The person or persons executing this Agreement on behalf of SSWD and DPMWD warrant and represent that they have the authority to execute this Agreement and the authority to bind SSWD or DPMWD, as appropriate, to the performance of its obligations hereunder.

18. Consent

Where consent or approval of a Party hereto is required or necessary under this Agreement, such consent or approval shall not be unreasonably withheld, conditioned or delayed.

19. Assignment

This Agreement and all rights and obligations under it are personal to the Parties. The Agreement may not be transferred, assigned, delegated or subcontracted in whole or in part, whether by assignment, subcontract, merger, operation of law or otherwise, by either party without the prior written consent of the other party. Any transfer, assignment, delegation, or subcontract in violation of this provision is null and void and grounds for the other party to terminate the Agreement.

20. Interpretation of Agreement

All Parties hereto have been represented by legal counsel in the preparation of this Agreement and no presumption or rule that ambiguity shall be construed against the drafting party shall apply to interpretation or enforcement hereof. Captions on sections and subsections are provided for convenience only and shall not be deemed to limit, amend, or affect the meaning of the provision to which they pertain.

21. No Joint Venture or Partnership

SSWD and DPMWD hereby renounce the existence of any form of joint venture, partnership or other association between them, and agree that nothing in this Agreement or in any

document executed in conjunction with this Agreement shall be construed as creating any such relationship between the Parties.

22. Partial Invalidity Due to Governmental Action

In the event that State or Federal laws or regulations enacted after the effective date of this Agreement, or formal action of any governmental jurisdiction other than SSWD or DPMWD, prevent compliance with one or more provisions of this Agreement, the Parties agree that the provisions of this Agreement shall be modified or suspended only to the minimum extent necessary to comply with such laws or regulations.

23. Further Actions and Instruments

The Parties agree to provide reasonable assistance to each other and cooperate to carry out the intent and fulfill the provisions of this Agreement. Each of the Parties shall promptly execute and deliver all documents and perform all acts as necessary to carry out the matters contemplated by this Agreement.

24. No Third Party Beneficiaries

This Agreement is made and entered into for the sole protection and benefit of the Parties and their successors and assigns. No other person shall have any right or action based upon any provision of this Agreement.

25. Venue

Any action arising out of this Agreement shall be brought in the Superior Court of Sacramento County, California, regardless of where else venue may lie.

26. Time is of the Essence

Time is of the essence of each and every provision of this Agreement.

27. Notices

All notices required or provided under this Agreement shall be in writing and shall be sent by (i) U.S. mail first class postage prepaid with return receipt requested, (ii) by overnight courier or hand delivery, or (iii) by facsimile with original forwarded by U.S. mail, addressed as follows, with any email copies provided to the email addresses below:
